

Comprehensive SRTS Travel Plan Assistance Application for 2015

Page description:

The Comprehensive SRTS Travel Plan is a community agreement on an approach to increasing the number of students who walk and bicycle to school and to improve safety for student pedestrians and bicyclists. This type of assistance is for schools that want to increase the number of students walking and bicycling to school and incorporates all 5 Es: Education, Encouragement, Enforcement, Engineering, and Evaluation. Plans typically include a vision, review of existing conditions, and ways to resolve barriers to walking and bicycling created by some existing conditions. The plan should include a calendar with activities and projects to address within the first 12 months.

The application can be completed by a school representative (such as the principal or SRTS Champion) or by an organization working with the school (such as the PTA/PTO or community group).
